BS 5135:1984 Specification for arc welding of carbon and carbon manganese steels

[View on Information Provider website](#)

{{ linkText }}

Abbreviation
 BS 5135:1984
 Valid from
 31/01/1984

Information provider
 British Standards Institution
 Author
 British Standards Institution
 Information type
 British Standard
 Format
 PDF

Cited By
[This resource is cited by 1 document \(show Citations\)](#)

Description

This Standard specifies parent metals, welding consumables, butt and fillet weld details, preparation and assembly, procedures to avoid cracking, welding procedure details, approval of welders, inspection and testing. Appendices on design, typical weld details, avoidance of hydrogen cracking, solidification cracking, lamellar tearing and guidance on acceptance levels.
