## BS 5337:1976 Code of practice for the structural use of concrete for retaining aqueous liquids

[View on Information Provider website](#)

Abbreviation

BS 5337:1976

Valid from

30/04/1976

---

Information provider

British Standards Institution

Author

British Standards Institution

Information type

British Standard

Format

PDF

---

Cited By

[This resource is cited by 3 documents \(show Citations\)](#)

Description

Design and construction of usual types of reinforced and prestressed concrete service reservoirs and tanks for storing water and other aqueous liquids but excludes dams and concrete aqueducts.

Refers to CP 110, CP 114 and CP 115 and for foundations to CP 2004 .

For assistance with locating previous versions, please contact the information provider.
