### Description

BS 5395-2 gives recommendations for the design of helical and spiral stairs, to be used internally or externally in all types of building constructions.

### Scope

BS 5395-2 gives recommendations for the design of helical and spiral stairs, to be used internally or externally in all types of building constructions.

It covers only stairs which are circular on plan and does not deal with ramps.

BS 5395-2 also gives guidance on the geometry of helical and spiral stairs.
