Description

This Subsection of BS 5655 specifies requirements for the testing and examination of new hydraulic lifts covered by BS 5655-2:1988, before the lift is put into service.

This Subsection does not specify such requirements for hydraulic lifts after modernization, or for the periodic examination of hydraulic lifts.

This Subsection includes a proforma for a certificate of test and examination which covers construction, certain aspects of performance, and contract data. A requirement to provide test certificates relating to certain components of the equipment is also specified in this Subsection.

Note: Guidance on testing and inspection is given in section 2 of BS 5655-6.
