BS 6064:1992 Method for evaluation of acrylonitrile-butadiene rubber (NBR)

[View on Information Provider website](#)

Abbreviation

BS 6064:1992

Valid from

28/02/1992

Information provider

British Standards Institution

Author

British Standards Institution

Information type

British Standard

Format

PDF

Cited By

[This resource is cited by 1 document \(show Citations\)](#)

Description

This Standard specifies physical and chemical tests on raw rubbers, and standard materials, a standard test formula, equipment and processing methods for evaluating vulcanization characteristics.

For assistance with locating previous versions, please contact the information provider.
