BS 8110-1:1985 Structural use of concrete. Code of practice for design and construction

[View on Information Provider website](#)

Abbreviation

BS 8110-1:1985

Valid from

30/08/1985

Information provider

British Standards Institution

Author

British Standards Institution

Information type

British Standard

Format

PDF

Cited By

[This resource is cited by 4 documents \(show Citations\)](#)

Description

Deals with the design, materials and construction of buildings and structures in reinforced concrete, prestressed concrete and precast concrete.

It is written in limit state terms.

Guidance is given on the specification and workmanship of concrete, the inspection and testing of structures and the fire resistance of various forms of construction.
