Description

This standard applies to continuously hot-rolled uncoated flat products with a maximum width of 2200 mm of non-alloy and alloy steels including stainless steels in accordance with table 1.

It also applies to hot-rolled strip for cold rolling but does not apply to hot-rolled strip rolled in widths < 600 mm (see EURONORM 48).

For assistance with locating previous versions, please contact the information provider.

Notes/comments

Note: BS EN 10051:1991 is the British version of the European Standard EN 10051:1991.
