## BS EN 10217-3:2002 Welded Steel Tubes For Pressure Purposes - Technical Delivery Conditions - Part 3: Alloy Fine Grain Steel Tubes

[View on Information Provider website](#)

### Abbreviation

BS EN 10217-3:2002

### Valid from

22/05/2002

---

### Information provider

Standards New Zealand

### Author

European Committee for Standardization, British Standards Institution

### Information type

British Standard

### Format

PDF

---

### Cited By

[This resource is cited by 1 document \(show Citations\)](#)

---

### Description

This Part of EN 10217 specifies the technical delivery condition in two test categories for welded tubes of circular cross section, made of weldable alloy fine grain steel.

For assistance with locating previous versions, please contact the information provider.

### Notes/comments

**Note:** BS EN 10217-3:2002 is the British Standards Institution version of EN 10217-3:2002.
