BS EN 1179:1996 Specification for zinc and zinc alloys. Primary zinc

[View on Information Provider website](#)

Abbreviation

BS EN 1179:1996

Valid from

15/02/1996

Information provider

British Standards Institution

Author

British Standards Institution

Information type

British Standard

Format

PDF

Cited By

[This resource is cited by 1 document \(show Citations\)](#)

Description

This European Standard specifies the classifications, chemical compositions, marking and other requirements for primary zinc. The grades of zinc included in the standard are those which are traded internationally. The standard does not include requirements for secondary zinc produced by remelting.
