## BS EN 12380:2002 Air admittance valves for drainage systems. Requirements, test methods and evaluation of conformity

[View on Information Provider website](#)

### Abbreviation

BS EN 12380:2002

### Valid from

17/12/2002

---

### Information provider

Standards New Zealand

### Author

British Standards Institution  
European Committee for Standardization

### Information type

European Standard

### Format

PDF

---

### Cited By

[This resource is cited by 7 documents \(show Citations\)](#)

### Cites

[This resource cites 27 documents \(show Citations\)](#)

---

### Description

This standard defines requirements, test methods and evaluation of conformity for air admittance valves to be used in drainage systems installed inside buildings.

For assistance with locating previous versions, please contact the information provider.

### Notes/comments

BS EN 12380:2002 is the British Standards version of the European Standard and is referenced as the English language version applicable to this International Standard.
