BS EN 1993-1-2:2005 Eurocode 3: Design Of Steel Structures - Part 1-2: General Rules - Structural Fire Design

[View on Information Provider website](#)

Abbreviation

BS EN 1993-1-2:2005

Valid from

20/04/2005

Information provider

Standards New Zealand

Author

European Standardization Organisations, British Standards Institution

Information type

European Standard

Format

PDF

Cited By

[This resource is cited by 1 document \(show Citations\)](#)

Description

This Standard is part of Eurocode 3 - Design Of Steel Structures - Part 1-2: General Rules - Structural Fire Design

Supplementary to Part 1-1. Additional and varied rules to be used for the design of steel structures which are required to avoid premature structural collapse and to limit the spread of fire in the accidental situation of exposure to fire.
