BS EN 50274:2002 Low-voltage switchgear and controlgear assemblies. Protection against electric shock. Protection against unintentional direct contact with hazardous live parts

[View on Information Provider website](#)

Abbreviation

BS EN 50274:2002

Amendment

Corrigendum, January 2010.

Valid from

23/07/2002

Information provider

British Standards Institution

Author

British Standards Institution,
European Committee for Standardization

Information type

British Standard

Format

PDF

Cited By

[This resource is cited by 1 document \(show Citations\)](#)

Description

This standard is applicable to low-voltage switchgear and controlgear assemblies with a rated voltage not exceeding AC 1000 V or DC 1500 V.

For assistance with locating previous versions, please contact the information provider.

Notes/comments

BS EN 50274:2002 is the British Standards version of the European Standard and is referenced as the English language version applicable to this International Standard.
