## BS EN ISO 3696:1995 Water for analytical laboratory use. Specification and test methods

[View on Information Provider website](#)

### Abbreviation

BS EN ISO 3696:1995

### Valid from

31/12/1987

---

### Information provider

Standards New Zealand

### Author

British Standards Institution, European Standardization Organisations, International Organisation for Standardization

### Information type

British Standard

### Format

PDF

---

### Cited By

[This resource is cited by 6 documents \(show Citations\)](#)

---

### Description

This Standard specifies three grades of analysis. Requirements and test methods for pH value, electrical conductivity, oxidizable matter, absorbance, residue after evaporation and silica content.
