Valid from

03/08/2020

Information provider

BRANZ Limited

Information type

BRANZ Bulletin

Format

PDF, Hard copy

Description

This bulletin highlights some of the key changes to New Zealand Building Code Acceptable Solutions and Verification Methods for clauses B1 *Structure* and E2 *External moisture* that have come into effect since 2012. It highlights the amendments introduced in 2019.

Acceptable Solutions and Verification Methods provide a means of demonstrating compliance with the relevant clauses of the New Zealand Building Code (NZBC). It is not mandatory to use Acceptable Solutions and Verification Methods, but if used, building consent authorities (BCAs) and territorial authorities must accept them as providing compliance.

For assistance with locating previous versions, please contact the information provider.

Notes/comments

This Bulletin replaces Bulletin 545(2012) Key changes to B1/AS1 and E2/AS1.
