Cavity closures to cantilevered joists - Build 151(2015)

View on Information Provider website Download this resource (PDF, 194KB) {{ linkText }}

Abbreviation
Cavity closures to cantilevered joists
Valid from
01/12/2015

Information provider
BRANZ Limited
Information type
BUILD article
Format
Website, PDF

Description

Drained cavities to external walls need to be constructed correctly to keep wind-driven rain and vermin out and allow drainage and ventilation. One overlooked area is when external walls are supported on cantilevered floor joists.
