## CEN/TS 16165:2012 Determination Of Slip Resistance Of Pedestrian Surfaces - Methods Of Evaluation

[View on Information Provider website](#)

### Abbreviation

CEN/TS 16165:2012

### Valid from

01/04/2012

---

### Information provider

SAI Global

### Author

Comite Europeen de Normalisation

### Information type

European Standard

### Format

PDF, Hard copy

---

### Cited By

[This resource is cited by 1 document \(show Citations\)](#)

---

### Description

Describes test methods for the determination of the slip resistance of surfaces in the most commonly encountered situations in which pedestrians walk.
