Ministry of Business, Innovation and Employment

Information type

Product Certificate (CodeMark)

Format

PDF

Description

Kooltherm K12 Framing Board is a fibre-free rigid thermoset phenolic insulation, faced on both sides with a low emissivity composite foil autohesively bonded to the insulation core.

Kooltherm K17 Insulated Plasterboard is a fibre-free rigid thermoset phenolic insulation, sandwiched between a front facing of taped edge gypsum plasterboard, and a reverse tissue based facing, autohesively bonded to the insulation core.

Kooltherm K18 Insulated Plasterboard is a fibre-free rigid thermoset, closed cell phenolic insulation, sandwiched between a front facing of tapered edge gypsum based plasterboard, and a reverse facing of low emissivity foil autohesively bonded to the insulation core.
