### Abbreviation

CM70026

### Valid from

11/10/2019

---

### Information provider

Ministry of Business, Innovation and Employment

### Author

Bureau Veritas

### Information type

Product Certificate (CodeMark)

### Format

PDF

---

### Description

Duradek is an outdoor vinyl flooring system that provides a finished walking surface and roof-grade waterproofing in a single ply, single product solution. It is a calendered polyvinyl chloride (PVC) film laminated to a woven, heat set polyester fabric. The surface is factory printed and top-coated with a PVC/acrylic finish.

### Scope

Duradek Ultra is a walking surface and roof grade waterproofing membrane for decks and balconies that are subject to light pedestrian traffic generated by residential occupancies. It is fully adhered with Duradek D811 or Duradek D763 adhesive to a continuous supporting substrate, with heat welded seams.
