**Description**

BROWNIE® Glass Mineral Wool Insulation is a non-combustible and no added formaldehyde resin bonded glass mineral wool thermal insulation material. It is supplied in blanket form (Brownie Blanket) and slab form (Brownie Slab).

BROWNIE® Glass Mineral Wool Insulation is suitable for installation in new and existing timber and steel framed buildings.

**Scope**

Subject to the following conditions and limitations:

- BROWNIE® Glass Mineral Wool Insulation must be installed in accordance with the relevant and current online BROWNIE® Installation Instruction [www.brownie.co.nz/links.aspx](http://www.brownie.co.nz/links.aspx).
- The building envelope must be constructed to ensure the insulation remains dry during installation and throughout the life of the building
