### Description

Cedarscreen Vertical Weatherboards are an external vertically fixed wall cladding system consisting of a structural 45mm cavity batten system and shiplap weatherboards finished with a factory applied wood oil.

### Scope

The cladding system is suitable for use in residential and light commercial buildings.

The scope of use conforms to Acceptable Solution E2/AS1 Paragraph 1.1.

The cladding system must have a risk score of 0-20 in line with Tables 1, 2 & 3 of Acceptable Solution E2/AS1.

Timber framing to comply with NZS 3604:2011- Timber-framed buildings.

Aluminium windows and door joinery to comply with NZS 4211:2008- Specification for performance of windows.
