DuPont™ FlexWrap™ NF

[Download this resource \(PDF, 180KB\)](#) `{{ linkText }}`

Abbreviation

CMA-CM40141 (Rev 1)

Amendment

Revised February 2016

Valid from

27/04/2015

Information provider

Ministry of Business, Innovation and Employment

Author

CertMark International Pty Ltd

Information type

Product Certificate (CodeMark)

Format

PDF

Description

DuPont™ FlexWrap™ NF is a stretchable & flexible wrap made up of 3 components:

1. DuPont Tyvek top sheet providing a water tight layer
2. 100% Butyl Rubber as an adhesive layer
3. A paper release liner.

To be used to create a watertight adhesion to all Tyvek® breather membranes around non-straight penetrations & corners of all rough openings such as: dormers, window & door sills, chimney breasts, pipe penetrations and any custom shapes.

Scope

For assistance with locating previous versions, please contact the information provider.
