CP 312-3:1973 Code of practice for plastics pipework (thermoplastics material) - Part 3: Polyethylene pipes for the conveyance of liquids under pressure

[View on Information Provider website](#)

Abbreviation

CP 312-3:1973

Valid from

19/09/1973

Information provider

British Standards Institution

Author

British Standards Institution

Information type

British Standard

Format

PDF

Cited By

[This resource is cited by 1 document \(show Citations\)](#)

Description

Deals with classification of polyethylenes, working pressure, effects of temperature, limitations, flow properties, jointing, storage, handling, transport, installation, testing and repairs.
