Description

This test method and reporting covers testing of coating and jointing systems for flush finished fibre cement sheet systems.

Scope

This test method does not cover the durability or fixing of the fibre cement sheets. Fibre Cement sheets shall comply with AS/NZS 2908 Part 2. The flush-finished joints shall comprise a bedding compound and reinforcing tape. Conformance with the requirements of this evaluation method satisfies the requirements of the Acceptable Solution E2/AS1 Third Edition (June 2004) Paragraph 9.7.10.2

For assistance with locating previous versions, please contact the information provider.
