Description

This test method and reporting covers testing of adhesives, primers and seam tapes for Butyl and EPDM Rubber waterproofing membrane systems.

Scope

The Butyl and EPDM Rubber membranes shall comply with Acceptable Solution E2/AS1 (Amendment 2, July 2005) paragraph 8.5.4(a) and (b). This test method does not cover the durability or application of membranes to specific substrates other than plywood substrates that comply with the Acceptable Solution E2/AS1 (Amendment 2, July 2005). Conformance with the requirements of this evaluation method satisfies the requirements of Acceptable Solution E2/AS1 (Amendment 2, July 2005) paragraph 8.5.4(c).
