HB 197:1999 An introductory guide to the slip resistance of pedestrian surface materials

View on Information Provider website {{ linkText }}
Abbreviation

HB 197:1999 Valid from 05/12/1999

Information provider SAI Global Author Standards Australia Information type Australian Standard Format PDF

Cited By <u>This resource is cited by 1 document (show Citations)</u>

Description

This Handbook provides guidelines for the selection of slip-resistant pedestrian surfaces classified in accordance with AS/NZS 4586:1999. It recommends minimum floor surface classifications for a variety of locations, and includes a commentary on the test methods set out in AS/NZS 4586, as well as information on the consideration of ramped surfaces. Published in conjunction with the CSIRO.
