IEC 61249-5-4:1996 Materials for interconnection structures - Part 5: Sectional specification set for conductive foils and films with or without coatings - Section 4: Conductive inks

[View on Information Provider website](#)

Abbreviation

IEC 61249-5-4:1996

Valid from

18/06/1996

Information provider

International Electrotechnical Commission

Author

International Electrotechnical Commission

Information type

IEC Standard

Format

PDF

Cited By

[This resource is cited by 1 document \(show Citations\)](#)

Description

This part of IEC 61249 details requirements for the qualification of conductive inks, and for conductive inks intended for use as a substitute for metallic finishes on contacts.

For assistance with locating previous versions, please contact the information provider.
