Ministry of Business, Innovation and Employment

Information type

Section 175 guidance

Format

PDF

---

### Description

This document, issued by the Ministry, provides technical guidance for repairing and rebuilding houses in the Canterbury region following the Canterbury earthquake sequence. Publication of this document is a part of the Government's support for long-term recovery in Canterbury. It gives robust and well-balanced engineering solutions that will reduce the risk of injury to people and damage to homes in future earthquakes.

For assistance with locating previous versions, please contact the information provider.
