ISO 10466:1997 Plastics piping systems — Glass-reinforced thermosetting plastics (GRP) pipes — Test method to prove the resistance to initial ring deflection

[View on Information Provider website](#)

Abbreviation
ISO 10466:1997
Valid from
15/11/1997

Information provider
Standards New Zealand
Author
International Organization for Standardization
Information type
ISO Standard
Format
PDF

[This resource is cited by 1 document \(show Citations\)](#)

Description

This International Standard specifies a method for testing the ability of glass-reinforced thermosetting plastics (GRP) pipes to withstand specified levels of initial ring deflection without displaying surface damage and/or structural failure.
