Description

ISO 14934-3:2006 specifies a method for the calibration of heat-flux meters for use in fire testing, gives information on the accuracy of the calibration, gives guidance on the calibration and the care of heat-flux meters.

ISO 14934-3:2006 applies only to instruments having plane sensing surfaces.

ISO 14934-3:2006 does not apply to sensing surfaces in the form of wires, spheres, etc.
