Description

This International Standard specifies the quality requirements for plain end wrought seamless tubes for pressure purposes.

Scope

This International Standard specifies the quality requirements for plain end wrought seamless tubes

for pressure purposes manufactured from the steel types listed in table 3.

Note: - The word “tube” is synonymous with “Pipe”.

This International Standard does not cover :

- a) casing, tubing, drill pipe and linepipe for use by the oil and natural gas industries, and
- b) tubes for the transport of gas, water and sewage.
