ISO 3126:2005 Plastics piping systems - Plastics components - Determination of dimensions

[View on Information Provider website](#)

Abbreviation

ISO 3126:2005

Valid from

16/03/2005

Information provider

Standards New Zealand

Author

International Organization for Standardization

Information type

ISO Standard

Format

PDF, Hard copy

Cited By

[This resource is cited by 3 documents \(show Citations\)](#)

Description

ISO 3126:2005 specifies methods for measurement and/or determination of the dimensions of plastics pipes and fittings and the accuracy of the measurement. It specifies procedures for measuring angles, diameters, lengths, squareness and wall thicknesses for the purposes of checking conformity to geometric limits.

Note: This document is using metric units. However the procedures and tolerances are applicable to other units by using appropriate conversion factors.

Scope
