ISO 9047:2001 Building construction - Jointing products - Determination of adhesion/cohesion properties of sealants at variable temperatures

[View on Information Provider website](#)

Abbreviation

ISO 9047:2001

Valid from

01/12/2001

Information provider

International Organisation for Standardization

Author

International Organisation for Standardization

Information type

ISO Standard

Format

PDF

Cited By

[This resource is cited by 1 document \(show Citations\)](#)

Description

This International Standard specifies a method for the determination of the adhesion/cohesion properties of sealants with predominantly elastic behaviour which are used in joints in building construction.
