## Lifts in houses - Build 165(2018)

[Download this resource \(PDF\)](#)

Abbreviation

Lifts in houses

Valid from

01/04/2018

---

Information provider

BRANZ Limited

Information type

BUILD article

Format

PDF

---

**Description**

Government policy encourages people to be able to stay in their own home as they get older so think proactively and consider installing a lift when building or retrofitting a 2-storey house.

**SCHEDULE 2** of the Building Act 2004 requires the provision of access for people with disabilities but it does not include housing. As a consequence, many houses in New Zealand have limited accessibility for people with disabilities.
