Description

NCC 2015 Complete Series contains NCC 2015 Volumes One, Two, Three, The Guide and the Consolidated Performance Requirements. The series is a uniform set of technical provisions for the design and construction of buildings and other structures throughout Australia, which allows for variations in climate and geological or geographic conditions.

Volume One: contains the requirements for Class 2 to 9 (multi-residential, commercial, industrial and public) buildings and structures.

Volume Two: contains the requirements for Class 1 (residential) and Class 10 (non-habitable) buildings and structures.

Volume Three: contains the requirements for plumbing and drainage for all classes of buildings.

The Guide to Volume One: a companion manual to Volume One, which contains the requirements for Class 2 to 9 (multi-residential, commercial and industrial and public) buildings and structures. The Guide provides clarification, illustration and examples for complex NCC provisions and should be read in conjunction with NCC 2015, Volume One.

Performance Requirements Extract: provides a compilation of all NCC Performance Requirements and the supporting General Requirements in a single document.

For assistance with locating previous versions, please contact the information provider.
