Building Code Clause C5 - Access and safety for firefighting operations

[View on Information Provider website](#)

Abbreviation

NZBC C5

Valid from

10/04/2012

Information provider

Parliamentary Counsel Office

Information type

Legislation

Format

PDF

Description

Building Code Clause C5 Access and safety for firefighting operations, is about access and safety for firefighting operations: access, hazards information and unobstructed paths. Certain buildings must provide appropriate access for fire service vehicles, firefighters and equipment, and the inlets to any automatic fire sprinkler systems or fire hydrant systems. They must also deliver water for firefighting and information to assist firefighters (such as hazardous substances).
