Building Code Clause D2 - Mechanical installations for access

[View on Information Provider website](#)

Abbreviation

NZBC D2

Valid from

29/12/2000

Information provider

Parliamentary Counsel Office

Information type

Legislation

Format

PDF

Description

Building Code Clause D2 Mechanical installations for access, is about safety provisions for people using or servicing mechanical installations in buildings, such as lifts or escalators. This clause ensures people's safety while they are using or undertaking maintenance on mechanical installations for movement, such as lifts, escalators, and passenger conveyors. It requires mechanical installations for movement to withstand loads required for normal use, be built to avoid accidents and injury, and safeguard people in the event of overload or emergency.
