Building Code Clause G5 - Interior environment

[View on Information Provider website](#)

{{ linkText }}

Abbreviation

NZBC G5

Valid from

29/12/2000

Information provider

Parliamentary Counsel Office

Information type

Legislation

Format

PDF

Description

Building Code Clause G5 Interior environment is about habitable spaces with sufficient space for activity, accessible facilities and controlled internal temperature. This clause has particular applications for early childhood centres, old peoples homes and communal non-residential places of assembly. It requires there to be adequate and accessible habitable space for activities according to the buildings intended use, and for certain buildings to be provided with listening systems and controlled internal temperature.
