## NZS/AS 1874:1988 Aluminium and aluminium alloys - ingots and castings

[View on Information Provider website](#)

### Abbreviation

NZS/AS 1874:1988

### Valid from

01/01/1988

---

### Information provider

Standards New Zealand

### Author

Standards Australia, Standards New Zealand

### Information type

New Zealand Standard

### Format

PDF

---

### Cited By

[This resource is cited by 1 document \(show Citations\)](#)

---

### Description

This standard specifies requirements for aluminium ingots and aluminium ingots and castings, the castings being produced in either sand moulds or pressure diecast moulds. The alloy designation system and temper designation system are explained in appendices.
