NZWWA Pipe Inspection Manual 2006

[Download this resource \(PDF, 9.5MB\)](#)

{{ linkText }}

Abbreviation
NZWWA

Version
3rd Edition

Valid from
01/05/2006

Information provider
Water New Zealand

Information type
Handbook

Format
PDF

Cited By
[This resource is cited by 1 document \(show Citations\)](#)

Description

The New Zealand Pipe Inspection Manual 3rd Edition has been prepared in order to provide:

An overview of the tasks that can be completed using Closed Circuit Television (CCTV) and how these activities can be used to manage wastewater and stormwater assets.

A standardised set of codes for recording observations noted during CCTV inspections.

An outline of good practice procedures for carrying out CCTV inspections and for processing and

analysing the information collected.

Standard Technical Specifications and Model Conditions of Contract for use when engaging CCTV contractors.

For assistance with locating previous versions, please contact the information provider.
