## Off-the-form concrete surface finishes - Build 165(2018)

[Download this resource \(PDF\)](#)

### Abbreviation

Off-the-form concrete surface finishes

### Valid from

01/04/2018

---

### Information provider

BRANZ Limited

### Information type

BUILD article

### Format

PDF

---

### Description

Successful processes to achieve the desired concrete surface finish are now mainstream and can be reproduced by capable tradespeople.

**NZS 3114:1987** *Specification for concrete surface finishes* provides the format for the specifier's concrete finishing requirements to be communicated to the contractor. The application of the standard permits appropriate qualities of finish to be assigned to all surfaces, and attention is drawn to specific requirements.

For assistance with locating previous versions, please contact the information provider.
