Passive fire protection 101 - Build 161(2017)

View on Information Provider website Download this resource (PDF, 705KB) {{ linkText }}

Abbreviation
    Passive fire protection 101
Valid from
    01/08/2017

Information provider
    BRANZ Limited
Information type
    BUILD article
Format
    PDF

Description

This is an article on BRANZ's *Guide to Passive Fire Protection in Buildings,* an online resource released earlier this year provides comprehensive professional guidance to passive fire resistance.

It includes providing the right product and installing it correctly in the right situation and describes good practice for the specification, approval, installation and verification of passive fire protection.

For assistance with locating previous versions, please contact the information provider.
