Practice Advisory 17: Well-planned ground investigations can save costs

[View on Information Provider website](#) [Download this resource \(PDF, 741KB\)](#)

Valid from

30/06/2016

Information provider

Ministry of Business, Innovation and Employment

Information type

Section 175 guidance

Format

Website, PDF

Description

The need for early site investigation is a key element in controlling costs of a project. This advisory describes the aims of site investigation, investment considerations and the site investigation strategy - including extent, depth and inherent uncertainties.

For assistance with locating previous versions, please contact the information provider.
