Practice Advisory 8: Don't be undone – anchor your spiral

[View on Information Provider website](#)

Valid from

01/05/2006

Information provider

Ministry of Business, Innovation and Employment

Information type

Section 175 guidance

Format

Website

Description

It is essential for spiral reinforcing to be anchored and spliced properly to ensure it doesn't unravel under seismic conditions. This technical guidance helps you understand how to strengthen columns and piles to prevent structural failure.
