Description

The storage and use of hazardous substances is subject to Hazardous Substances and New Organisms Act 1996 and Regulations, 'Gazette' notices and Group Standards issued under the Act. Buildings used for the storage or use of hazardous substances therefore must comply with that legislation as well as the Building Code.

These regulations provide for the location of hazardous substances in relation to buildings, with the

necessary controls on methods of storage.

For assistance with locating previous versions, please contact the information provider.

Notes/comments

Superseded by the Health and Safety at Work (Hazardous Substances) Regulations 2017
